

## ActiveCare

ComTech's ActiveCare provides affordable proactive IT management and support. Utilizing our unique framework for providing managed IT services, ComTech provides a range of proactive services designed to optimize your technology investment and maximize the productivity of your people and business.

It's not just about monitoring, that just lets you know something is wrong.

And it's not just about remote access to your systems to troubleshoot issues.

### **It's about a proactive preventative approach to IT systems management**

This is possible through the use of a series of "Best Practices" that we have developed over years of collective experience.

#### **Best practices for tasks such as:**

- Spyware Protection and Removal
- Virus Protection
- Disk Drive Analysis
- Security Patch Management
- System Auditing
- Backup and Disaster Recovery

Best practices that are embodied in an automated state-of-the-art infrastructure that gives you immediate response time, access to resources and proactive solutions.
